

Proset® NATUR

CLEANSING PASTE

Hand cleansing paste for moderate soiling, formulated with natural exfoliants of vegetable origin. It's an excellent product for the hygiene and degreasing of the professional's hands in the mechanical, automotive, metallurgical, mining and naval industries, among others. Due to its high exfoliating performance, it acts effectively on all dirt, such as grease, oil, soot, carbon and rust, without irritating or damaging the skin, even with continuous use. Its formula is free of solvents, silicones and dyes.

APPLICATION AREAS

Designed product for frequent hand washing in mechanical workshops, general automotive, service stations, maintenance, construction, heavy industry, tool and machinery handling, truck repair facilities and in all cases where moderate soiling of vegetable, mineral, oil, grease or acrylic lacquer origin is present.

FEATURES	GAINS
Contains glycerine	Lipid component with high occlusive hydration (protects the skin from aggressions and dryness), emollient and moisturising (provides softness to the skin).
Natural exfoliation agent	Optimised blend with a natural exfoliant. Deep micellar hygiene system that penetrates, lifts and dissolves dirt. The exfoliating agent rinses away easily without clogging drains or pipes.
Solvent-free	It's specially formulated with skin-friendly ingredients to provide the optimum level of cleansing associated with solvent-containing products.
Silicone-free	The silicones produce a barrier that hinders skin moisturisation and retains traces of oils, dead skin and bacteria that can cause skin problems with continued use.
Free of dyes and petroleum derivatives	It contains no harmful added substances that may cause dermatitis or atopic skin allergies.
Designed for industry	It's a professional product designed for the industrial environment where contact with dirty, greasy or rusty tools or elements is regular.
Moderate soiling	It's formulated to effortlessly remove organic, vegetable and mineral dirt.
Environmentally friendly	It contains substances from natural renewable sources. The product has a low impact on the environment.
AIRLESS System	Bottle with a product system protection from external contamination.
