FEATURES	GAINS
Natural exfoliation agent	Optimised blend with a natural exfoliant. Deep micellar hygiene system that penetrates, lifts and dissolves dirt. The exfoliating agent rinses away easily without clogging drains or pipes.
Contains glycerine	Lipid component with high occlusive hydration (protects the skin from aggressions and dryness), emollient and moisturising (provides softness to the skin).
Free of dyes and petroleum derivatives	Hypoallergenic product. It contains no harmful added substances that may cause dermatitis or atopic skin allergies.
Dermo-protective emollients	It prevents skin damage and promotes epithelialisation in case of skin irritation, cracks, chafing, abrasions, erosions, ulcers and dryness.
Silicone-free	The silicones produce a barrier that hinders skin moisturisation and retains traces of oils, dead skin and bacteria that can cause skin problems with continued use.
Effective for removing paints and inks	It's a specially indicated product for environments where all kinds of pigments are applied. Easily removes dyes from finger grooves and nails.
Hard soiling	Effortlessly removes inks, pigments, spray paints, varnishes and lacquers.
Environmentally friendly	It contains substances from natural renewable sources. The product has a low impact on the environment.
AIRLESS System	Bottle with a product system protection from external contamination.
