

Proset® COAT PREMIUM CLEANSING PASTE

Hand cleaning paste for difficult dirt, formulated with natural exfoliants of vegetable origin. Excellent product for the hygiene and degreasing of the hands of professionals in the mechanical, automotive, metallurgical, mining and naval industries, among others. Thanks to its high exfoliating and solvent power, it acts effectively on all types of dirt from grease, oil, petroleum, soot, coal, rust, resins or foams without irritating or damaging the skin even in continuous use. Free of silicone and dyes formula.

APPLICATION AREAS

For frequent hand washing in mechanical workshops, general automotive, service stations, maintenance, construction, heavy industry, tool and machinery handling, truck repair facilities and wherever hard dirt such as oil, grease, acrylic lacquer, resin, silicones or polyurethane foams are present.

FEATURES	GAINS
Natural exfoliation agent	Optimised blend with a natural exfoliant. Deep micellar hygiene system that penetrates, lifts and dissolves dirt. The exfoliating agent rinses away easily without clogging drains or pipes.
Contains glycerine	Lipid component with high occlusive hydration (protects the skin from aggressions and dryness), emollient and moisturising (provides softness to the skin).
Free of dyes and petroleum derivatives	Hypoallergenic product. It contains no harmful added substances that may cause dermatitis or atopic skin allergies.
Dermo-protective emollients	It prevents skin damage and promotes epithelialisation in case of skin irritation, cracks, chafing, abrasions, erosions, ulcers and dryness.
Silicone-free	The silicones produce a barrier that hinders skin moisturisation and retains traces of oils, dead skin and bacteria that can cause skin problems with continued use.
Designed for industry	It's a professional product designed for the industrial environment where contact with dirty, greasy or rusty tools or elements is regular.
Hard soiling	Effortlessly removes hydrocarbons, grease, oil, petroleum and carbonaceous soiling.
Environmentally friendly	It contains substances from natural renewable sources. The product has a low impact on the environment.
AIRLESS System	Bottle with a product system protection from external contamination.
