

Proset®

DERMASAFE

INVISIBLE PROTECTIVE GLOVE

It's a hand cream that creates an invisible protective glove effective against oils, grease, chemical agents or other harmful substances to the skin.

Its film-forming capacity prevents dirt from penetrating the skin without the skin losing its functions of perspiration, elasticity or sensitivity. It also removes dirt easily, avoiding the use of soaps or abrasive cleaners.

APPLICATION AREAS

It's recommended for all those professional staff exposed to substances that may stain or damage the skin. It's designed to repel oils, grease, graphite, soot, tar, adhesives, synthetic resins, polyester, silicone compounds, polyurethane foams, paints, lacquers, bituminous products, dust, and others.

PHYSICO-CHEMICAL CHARACTERISTICS

APPEARANCE:	EMULSION
COLOUR:	WHITE
ODOUR:	PERFUMED
DENSITY (g/ml):	0.90±0.02
pH:	5.5±0.5

DIRECTIONS FOR USE

Apply directly from the applicator tube or using the **PGS® 1000** wall dispenser. Add the necessary amount of product to clean, dry skin until completely absorbed, insisting around nails and creases. Repeat the application after washing hands.

COMPOSITION

INGREDIENTS: AQUA (WATER), TALC, GLYCERIN, SILICA, C12-14 PARETH-12, SODIUM COCOYL ISETHIONATE, PHENOXYETHANOL, GLYCERYL STEARATE, XANTHAN GUM, SODIUM POLYACRYLATE, CHLORPHENESIN, ETHYLHEXYL STEARATE, LIMONENE, TRIDECETH-6, CITRAL, HEXYL CINNAMAL, LINALOOL, CI 77891, PARFUM (FRAGRANCE).

FEATURES	GAINS
Contains glycerine	Lipid component with high occlusive hydration (protects the skin from aggressions and dryness), emollient and moisturising (provides softness to the skin).
Water-repellent action	It's transparent and invisible film protection with a repelling capacity of all substances and dirt, preventing epidermal penetration.
Silicone-free	The silicones produce a barrier that hinders skin moisturisation and retains traces of oils, dead skin and bacteria that can cause skin problems with continued use.
Invigorating effect	Produces a sensation of softness, smoothness and well-being on the skin.
Neutral pH	Product with pH 5.5 to activate barrier restoration and maintain the skin's acid mantle, providing a healthy, hydrated and supple dermis.
AIRLESS System	Bottle with a product system protection from external contamination.

LEGAL PROVISIONS

Proset® products are manufactured according to Good Manufacturing Practice for Cosmetic Products (GMP) requirements. The raw materials used undergo quality control processes before use. In addition, our products have intensive quality tests before being delivered to the customer.

Proset® DERMASAFE is a cosmetic product regulated according to EC regulation 1223/2009.
